

This technical site plan illustrates a residential development layout. The plan features several circular plots, each with a central circular structure. These structures are labeled with 'MI' (likely 'Mittel' or 'Mittelteil') and 'III' (likely 'III. Teil' or 'III. Teil'). The plots are numbered 1 through 18, with some plots having additional labels like '0.4', '0.6', and '0.5'. The plots are arranged in a grid-like pattern, with some plots having a '35-45°' angle indicated. The plan also shows a network of roads and paths, with various dimensions and radii (R) specified. A large, irregularly shaped area in the center is labeled '2. Änderung' (2. Change). A rectangular area in the lower right is labeled 'Regenrückhaltebecken' (Rainwater retention pond). The plan includes various symbols, such as circles with dots, and text labels like 'zugunsten' (in favor of) and 'Ga/St' (likely 'Garten/Strasse' or 'Garten/Strasse'). The overall layout is complex, with many details and annotations.

This technical site plan illustrates a residential development layout. The plan features several circular plots, each containing a circular structure with a central square and a triangle, labeled with 'MI', 'III', '0.6', and '35-45°'. The plots are interconnected by a network of roads and paths, with various dimensions and radii (R) indicated. A large, irregularly shaped area is labeled '2. Änderung' (2nd Change). A prominent feature is a large, irregularly shaped area labeled 'Regenrückhaltebecken' (Rainwater Retention Pond). The plan also shows a 'V' (Verkehr) area and a 'Ga/St' (Garage/Street) area. The overall layout is complex, with numerous dimensions and radii (R) indicating the scale and geometry of the various elements.
